SECTION F: Open-Ended Responses

Please answer the following in your own words. There are no right or wrong answers.

F1. What is the biggest challenge you face in adopting or using AI tools in your work?

(Open text — please be as specific as possible)

F2. Describe a specific situation where an AI tool helped — or could have helped — you do your job better.

(Open text — feel free to share a real example or a hypothetical one)

F3. What would make you more confident or motivated to use AI tools in your daily work?

(Open text — think about what the company, your team, or your manager could do differently)

SECTION G: Adoption Stage

G1. Which statement best describes your current relationship with AI tools at work?

- ☐ I don't use AI tools in my work
- ☐ I've tried a few AI tools but don't use them regularly
- ☐ I use AI tools occasionally when the need arises
- ☐ AI tools are a regular, integrated part of my daily workflow
- ☐ I'm an active advocate — I encourage my team and peers to adopt AI tools

Thank you for completing this survey. Your input directly shapes how we support AI adoption across the organization.

Survey Design Notes (for facilitators):

- Sections B–E map directly to the **MOJO framework**: Motivation (B), Opportunity (C), Job Capability (D), Outcome (E)
- Section F qualitative responses are designed for NMF topic modeling
- B5 is reverse-scored before analysis: score = 6 – raw response
- G1 adoption stage maps to **Self-Determination Theory (SDT)** stages for intervention design
- Recommended $n \geq 100$ for meaningful pattern analysis
